AIM TRUE

NOT EVERYTHING GETS BETTER WITH AGE. BUILDINGS CAN. DESIGNED BY K4 ARCHITECTS, THE REMAKING OF GUNSMITH HOUSE WILL REFLECT ITS RAW HERITAGE. THE LOOK OF IT, THE FEEL OF IT, THE EXECUTION OF IT. IT WILL BE A PLACE ITS PREVIOUS CUSTODIANS WOULD BE PROUD OF. THAT'S THE LEAST WE COULD DO.

DRAW YOUR GUN

To bring out the best in something you work with like minded people that share your passion and vision. And if you can keep it local then that really hits the sweet spot. Bullseye!

For Gunsmith House we've joined forces with Digbeth based K4 Architects, who create exceptional unrivalled places with unparalleled expertise in complex regeneration. The practice's work is recognised across the West Midlands for its imagination and innovation with a commercial edge.

It was important to us and K4 that Gunsmith House kept its sense of identity. We want it to fit in, join in and contribute to the cityscape.

The design scheme combines the spirit of the past with a modernist form. The 'old' Gunsmith House will be restored to its past glory, framed by new architecture in a style that complements the original building. Part old, part new - this will be a building very much at one with its industrial heritage.

GET YOUR EYE IN

It's never just another property to us, it's a way to live. So an Elevate home is crafted without compromise. Our design-led interiors are rich in detail and diverse in character. The very essence of individual.

We create luxury Interiors that stand the test of time. Comfort, sophistication and practicality are our game. Quality, precision and care are our tools of the trade.

In order for a project to be successful you need to get into the nitty gritty of the development and location. We take pride in getting it right, taking our signature industrial style and applying it to every last detail.

IT'S OUR PASSION. WITH GUNSMITH HOUSE WE WANTED TO WORK WITH AN ARTIST TO CAPTURE THE GRITTY DRAMA OF EVERYDAY LIFE IN THE GUN QUARTER. A MOMENT IN TIME, THAT WILL LAST FOREVER.

BROTHERS IN ARMS

The best way to be a guardian of great stories is to work with great people. Simple, really. Let them bring them to life.

Figurative artist Vincent Kamp was our go to man to create a unique one off masterpiece that immortalised the legend of 'The Gunsmiths'.

Renowned for his dark and compelling artworks, Vincent's arresting portraits capture the urban subcultures that exist all around us yet are invisible to most of us.

His paintings delve beneath the surface of social class. Heavily influenced by cinema, and story telling, he often writes a complete screenplay before setting out to cast characters for his paintings.

"I suppose I'm always looking for an intriguing backstory, a moment of tension... Something that will make you wonder about these characters. This was such a cool project. Shooting in a proper old early 20th century gunsmith workshop in Birmingham with these cool cats was a blast"

It has been truly said

that we learn wisdom from failure much more than from success; we often discover what will do by finding out what will not do; probably he who never made a mistake, never made a discovery; and he becomes all the better acquainted with a country who has had the good luck to lose his way. Applying this, if you please, to the fine art of gunmaking, it sums itself up into one word: EXPERIENCE.
